PROFILE

I am an enthusiastic, self-motivated, responsible, and reliable person, always willing to learn new skills.

EMPLOYMENT HISTORY

Junior Full Stack developer, YourItSoft   Ternopil
Jul 2021 — Oct 2022

Project: *Sunflower*

The web app helps to account and calculate tariffs, it generates monthly reports payment documents and registers. I worked on creating several forms of accounting tariffs, tariff groups, counters and their processing on the frontend and backend. Worked with React.js, Node.js (Nest), PostgreSQL, MaterialUI, TypeORM.

EDUCATION

Computer science, Associate of CS, Halytskyi College   Ternopil
Sep 2017 — Jun 2021

Graduated with Honors

Computer science, Bachelor degree, Ternopil Ivan Puluj National Technical University   Ternopil
Sep 2021 — Present

COURSES

JS Course, Binary Studio Academy
Nov 2021 — Apr 2021

Project: *Grow Up*

It is a system for tracking workers' growth as specialists. The main goal of the course is to gain real experience of working at a company.

My responsibilities:

- Career journey and education sections layout
- Domain-level-skills creator
- Backend for career path page
- Work style test functionality
- Code style refactoring
